supply them-no others can! The Single Damper (patented); one motion-push the knob to "kindle," "bake" or "check"-the range does the rest. Damper mistakes impossible. The Ash Hod in the base (patented). The ashes

fall through a chute into a Hod, all of them, making their removal safe, easy, cleanly. The Coal Hod is alongside, out of the way. The Oven has

cup-joint heat flues that heat it in every partialike. No "cold corners," no "scorching spots."

The Fire Box and Patented Grates enable a small fire to do a large baking.

Ask the Crowford about to Walker & Pratt Mig. Co.
